

\$80.00

"The Tanner Tee is by far the most used and best batting tee in professional baseball. It is lightweight, extremely stable, telescoping shaft, and unscrews from the base which makes it very easy to travel with. It will fit in any bat bag and will last."

Doug Bernier

Founder of Pro Baseball Insider, Shortstop Minnesota Twins

Features and Training Benefits

- More college and MLB players train with Tanner Tees than any other tee
- MLB coaches say our Ball Rest interferes the least with hitting the ball
- Our tees have been helping players at all levels perfect their swing since 1995
- Hand Rolled Ball Rest holds softball and baseball
- Breaks down to fit in travel or game day bag and less than six pounds total weight
- Our patented tee design and metal construction offers years of proven durability

Product Description

The Tanner Tee (26-43") is our most popular batting tee, comprised of two parts, an adjustable stem and a nine inch weather resistant polymer base. This is a best seller and is used by all levels of professional baseball, top college and high school programs, and thousands of home users. The hand rolled ball rest sets Tanner Tees apart from any other training tool. Its flexible top allows the bat to pass through the contact point with the least interference. This patented tee is the most used, preferred and trusted batting tee among all levels of the game, and it is found in every Major League cage. Total weight is fewer than six pounds. It breaks down in seconds to fit into any travel bag and is sold with a 9x9" standard base with rounded edges for safety. Recommended for ages 9 and up.
